# DIRECTORS' REPORT

## Directors' interests in contracts

During the financial year, the Company and/or its related corporations have in the normal course of business entered into transactions with directors and/or their affiliated parties, being related parties and parties in which some of the directors are deemed to have an interest, with the directors having disclosed their interests in such transactions pursuant to Section 156 of the Companies Act, Chapter 50. Such transactions may comprise loans, deposits, provision of nominee and corporate advisory services, foreign exchange transactions, insurance transactions, property-related transactions, construction-related transactions, industrial and manufacturing-related transactions, consumer-related transactions, investing in real estate used for hospitality and/or hospitality-related purposes, purchase/sale of investments, property, industrial and consumer products, goods and services, including vehicles, equipment and machinery, parts and accessories and provision and receipt of after-sales services, hotel-related transactions, procurement services, information technology services, e-commerce-related transactions, management and consultancy services and/or other transactions carried out on normal commercial terms and in the normal course of business of the Company and/or its related corporations.

However, the directors have neither received nor become entitled to receive any benefit arising out of these transactions other than those to which they may be entitled as customers, suppliers, directors and members of these corporations.

Except as disclosed above and except for remuneration received from the related corporations, since the end of the financial year, no director has received or become entitled to receive a benefit by reason of a contract made by the Company and/or its related corporations with the director, or with a firm of which he is a member or with a company in which he has a substantial financial interest.

## Share options

During the financial year, there were:

- (i) no options granted by the Company to any person to take up unissued shares in the Company; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company.

As at the end of the financial year, there were no unissued shares of the Company under options.

## Auditors

The auditors, KPMG LLP, have expressed their willingness to accept re-appointment.

# INDEPENDENT AUDITORS' REPORT

**Member of the Company**  
**M&C Business Trust Management Limited**

## **Report on the financial statements**

We have audited the accompanying financial statements of M&C Business Trust Management Limited (the "Company"), which comprise the statement of financial position as at 31 December 2014, the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 6 to 15.

### *Management's responsibility for the financial statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

### *Auditors' responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards to give a true and fair view of the state of affairs of the Company as at 31 December 2014 and the results, changes in equity and cash flows of the Company for the year ended on that date.

## **Report on other legal and regulatory requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

# NOTES TO THE FINANCIAL STATEMENTS

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 13 March 2015.

## 1 DOMICILE AND ACTIVITIES

M&C Business Trust Management Limited (the "Company") is incorporated in the Republic of Singapore and has its registered office at 36 Robinson Road, #04-01 City House, Singapore 068877.

The principal activities of the Company are those relating to the provision of property fund management services. The Company is the trustee-manager for CDL Hospitality Business Trust, a business trust which is part of CDL Hospitality Trusts ("CDLHT"), a stapled group comprising CDL Hospitality Real Estate Investment Trust, a real estate investment trust and CDL Hospitality Business Trust. CDLHT is listed on Singapore Exchange Securities Trading Limited.

The immediate holding company is M&C REIT Management Limited. The directors consider the ultimate holding company to be Hong Leong Investment Holdings Pte. Ltd.. Both companies are incorporated in the Republic of Singapore.

## 2 GOING CONCERN

The financial statements have been prepared on a going concern basis, notwithstanding the deficiency in shareholders' equity, as the immediate holding company has confirmed its intention to provide the necessary financial support to the Company to continue its operations and meet its liabilities as and when they fall due.

## 3 BASIS OF PREPARATION

### 3.1 Statement of compliance

The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards ("FRS").

### 3.2 Basis of measurement

The financial statements have been prepared on the historical cost basis.

### 3.3 Functional and presentation currency

The financial statements are presented in Singapore dollars which is the Company's functional currency.

## 4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by the Company.

### 4.1 Foreign currencies

Transactions in foreign currencies are translated into Singapore dollars at exchange rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated into Singapore dollars at exchange rate ruling at that date. Foreign exchange differences arising from retranslation are recognised in profit or loss.

### 4.2 Financial instruments

Non-derivative financial assets

The Company initially recognises loans and receivables, and deposits on the date that they are originated. All other financial assets are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

# NOTES TO THE FINANCIAL STATEMENTS

## 4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 4.2 Financial instruments (Cont'd)

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Company has the following non-derivative financial assets: loans and receivables.

#### *Loans and receivables*

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise cash and cash equivalents, and trade receivables.

#### *Cash and cash equivalents*

Cash and cash equivalents comprise cash at bank.

#### **Non-derivative financial liabilities**

All financial liabilities are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Other financial liabilities comprise other payables.

#### **Share capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

### 4.3 Impairment

#### **Non-derivative financial assets**

A financial asset is assessed at the end of each reporting period to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event has an impact on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor or issuer will enter bankruptcy or economic conditions that correlate with defaults.

# NOTES TO THE FINANCIAL STATEMENTS

## 4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 4.3 Impairment (Cont'd)

#### *Loans and receivables*

The Company considers evidence of impairment for loans and receivables at a specific asset level. All individually significant loans and receivables are assessed for specific impairment.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows, discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against loans and receivables. Interest on the impaired asset continues to be recognised. When a subsequent event (e.g. repayment by a debtor) causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

### 4.4 Revenue recognition

#### **Management fee**

Management fees are derived from the management of a business trust and are determined based on profit before interest, tax and management fee expense of the business trust being managed. These fees are recognised on an accrual basis.

### 4.5 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

In determining the amount of current and deferred tax, the Company takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Company believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgments about future events. New information may become available that causes the Company to change its judgment regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

# NOTES TO THE FINANCIAL STATEMENTS

## 4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 4.6 New standards and interpretations not adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2014, and have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Company.

## 5 TRADE RECEIVABLES

	2014 \$	2013 \$
Trade receivables from a related entity	23,651	–

Trade receivables from a related entity is unsecured, interest-free and is repayable on demand. There is no allowance for doubtful debts arising from the outstanding balances.

## 6 SHARE CAPITAL

	2014 Number of shares	2013 Number of shares
<b>Fully paid ordinary shares, with no par value:</b>		
At 1 January and 31 December	2	2

The holder of ordinary shares is entitled to receive dividends as declared from time to time and is entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

### **Capital management policy**

The Company's primary objective when managing capital is to safeguard the Company's ability to continue as a going concern. As the Company is a wholly-owned subsidiary of M&C REIT Management Limited, the Company's sources of additional capital and policies for distribution of excess capital may also be affected by the capital management objectives of M&C REIT Management Limited.

There were no changes in the Company's approach to capital management during the year.

The Company is not subject to externally imposed capital requirements.

## 7 OTHER PAYABLES

## 11 FINANCIAL RISK MANAGEMENT

Risk management is integral to the whole business of the Company. The Company has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Company's risk management process to ensure that an appropriate balance between risk and control is achieved. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

Exposure to credit and liquidity risks arises in the normal course of the Company's business. These risks are limited by the Company's financial management policies and practices described below.

### **Credit risk**

At the reporting date, the amount due from related entity represents a significant portion of the financial assets. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

# NOTES TO THE FINANCIAL STATEMENTS

## 12 FINANCIAL RISK MANAGEMENT

### *Liquidity risk*

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer terms.

The total contractual undiscounted cash flows of the Company's non-derivative financial liabilities are the same as their carrying amounts and are due within one year.

### *Estimating fair values*

#### *Other financial assets and financial liabilities*

The carrying amounts of financial assets and financial liabilities with maturity of less than one year (including trade receivables, cash at bank and other payables) are assumed to approximate their fair values because of the short period to maturity.

## 13 RELATED PARTIES

In addition to the transactions disclosed elsewhere in the financial statements, there were the following significant related party transactions during the financial year:

### *Transactions with key management personnel*

The Company's directors are employees of either the immediate holding company or a related corporation and no consideration is paid to these companies for the services rendered by the directors.

### *Other related party transactions*
